To the Members of InspireHealth Society

We have audited the accompanying financial statements of InspireHealth Society which comprise the statement of financial position as at March 31, 2017 and the statements of operations, changes in net assets, and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Page 2 Independent Auditor's Report To the Members of InspireHealth Society

### **Basis for Qualified Opinion**

In common with many charitable organizations, the Society derives some revenue from voluntary contributions and other fundraising activities, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, our verification of these revenues was limited to amounts recorded in the records of the Society and we were not able to determine whether any adjustments might be necessary to revenue, the excess of revenue over expenses, or assets and net assets.

### Qualified Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements present fairly, in all material respects, the financial position of the Society as at March 31, 2017, and the results of its operations, changes in net assets, and cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

### Report on Other Legal and Regulatory Requirements

As required by the Society Act of British Columbia, we report that, in our opinion, the accounting policies applied in preparing and presenting the financial statements in accordance with Canadian accounting standards for not-for-profit organizations have been applied on a basis consistent with that of the preceding year.

#### 1. General information

InspireHealth Society ("Society") is a non-profit society formed for the purpose of providing integrated and complementary health care, including seminars, counselling and other assistance for patients with cancer. The Society was incorporated on April 7, 1977 under the Society Act (B.C.) and is a registered charitable organization under the Income Tax Act.

### 2. Economic dependence

The Society is dependent on receiving government and private grants and donations to sustain its operations. The Province of British Columbia Ministry of Health has confirmed its commitment to provide transitional funding to the Society of up to \$1,700,000 for the year ending March 31, 2018. Ongoing funding is subject to further discussions.

### 3. Summary of significant accounting policies

The Society's accounting policies and its standards of financial disclosure are in accordance with Canadian accounting standards for not-for-profit organizations.

## a) Fund accounting

InspireHealth Society follows the restricted fund method of accounting for contributions.

The general fund accounts for the Society's operations. This fund reports unrestricted resources.

The capital asset fund reports only restricted resources that were used in the acquisition of capital assets used by the Society.

### b) Inventory of supplies

The inventory of supplies are recorded at the lower of cost or fair market value.

### c) Capital assets

Purchased capital assets are recorded at cost. The provision for amortization is calculated on the declining balance basis at the following annual rates:

| Computer equipment      | - 30%  |
|-------------------------|--------|
| Computer software       | - 100% |
| Furniture and equipment | - 20%  |
| Library                 | - 30%  |

Leasehold improvements are amortized over the term of the lease on the straightline basis, and website costs are amortized on the straight-line basis over five years.

## 3. Significant accounting policies - continued

### d) Revenue recognition

The Society follows the deferral method of accounting for contributions to the general fund. Restricted contributions to the general fund are recognized as revenue in the year in which the related expenditures are incurred. Unrestricted contributions, including bequests, are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Contributions to the capital asset fund are recorded as revenue when received.

### e) Donated services

The value of services performed by volunteers on behalf of the Society is not recorded in the accounts as the fair value of the services contributed cannot be reasonably estimated.

### f) Financial instruments

All financial instruments are measured at fair value on initial recognition. After initial recognition, financial instruments are measured at cost or amortized cost using the effective interest method. Financial assets measured at amortized cost include cash, accounts receivable and GST receivable. Financial liabilities measured at amortized cost include accounts payable and government remittances payable. Financial assets measured at amortized cost are tested for impairment at the end of each year, to determine whether there are indicators that the asset may be impaired. The amount of the write-down, if any, is recognized in the statement of operations and changes in net assets. A reversal may be recorded provided the carrying value does not exceed original cost. The amount of the reversal, if any, is recognized in the statement of operations and changes in fund balance.

### g) Use of estimates

The preparation of financial statements in conformity with Canadian accounting standards for not-for-profit organizations requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant areas requiring the use of management estimates relate to the valuation of its accounts receivable, inventory of supplies, prepaid expenditures, the determination of useful lives of capital assets for purposes of calculating amortization, and the determination of the balance of deferred contributions.

## 4. Capital assets

### 5. Other information

### a) Financial instruments risks

The main risks the Society's financial instruments are exposed to are credit risk and liquidity risk, each of which is discussed below.

- i) Credit risk The financial instruments that potentially subject the Society to a significant concentration of credit risk are cash and accounts receivable. The Society mitigates its exposure to credit loss by placing its cash with a major financial institution. The Society routinely assesses the financial strength of its debtors and as a consequence, believes that its accounts receivable credit risk exposure is limited.
- ii) Liquidity risk Liquidity risk relates to the risk the Society will encounter difficulty in meeting its obligations associated with financial liabilities. Its financial liabilities consist of accounts payable and government remittances payable. Management closely monitors cash flow requirements to ensure that it has sufficient cash available to meet operational and financial obligations.

### b) Bank credit facility

The Society has a bank credit facility of up to \$85,000 which is secured by a general security agreement covering all personal property of the Society. Interest is payable at the bank's prime rate plus 1.8%. At March 31, 2017, the Society had not drawn on the facility.

### c) Comparative figures

The comparative figures have been reclassified, where applicable, to conform with the presentation used in the current year.

### 6. Lease commitments

The Society is committed to premises leases. The leases provide for the following minimum aggregate rental payments over the next five years:

| Year ending March 31 | 2018         | \$<br>200,925 |
|----------------------|--------------|---------------|
|                      | 2019         | \$<br>180,293 |
|                      | 2020         | \$<br>181,308 |
|                      | 2021         | \$<br>160,422 |
|                      | 2022         | \$<br>132,306 |
|                      | 2023 to 2025 | \$<br>279,990 |

In addition, the Society is responsible for its share of common operating costs.

During the year, the Society entered into an agreement to lease its Vancouver premises through to 2025. The total base rent related to the Vancouver premises total \$847,100. Under certain circumstances, the Society has the right to terminate the lease.
